| Recommended use                                  | :   | Lubricating oil   |

# Restrictions on use : Restricted to professional users.

# **SECTION 2. HAZARDS IDENTIFICATION**

# GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Acute toxicity (Inhalation) | : | Category 4 |
|-----------------------------|---|------------|
| Reproductive toxicity       | : | Category 2 |
| Aspiration hazard           | : | Category 1 |

#### **GHS** label elements

Substance / Mixture : Mixture

Chemical nature : Synthetic hydrocarbon oil ester oil

### Components

| Chemical name   | CAS-No.    | Concentration (% w/w)       |
|---|------------|-----------------------------|
| Dec-1-ene, dimers, hydrogenated                                       | 68649-11-6 | Trade secret (>= 30 - < 60) |
| Benzenamine, N-phenyl-, reaction products with 2,4,4-trimethylpentene | 68411-46-1 | Trade secret (>= 0.1 - < 1) |

Actual concentration is withheld as a trade secret

### **SECTION 4. FIRST AID MEASURES**

If inhaled

: Obtain medical attention.

# **DSL-10**

# SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions,<br>protective equipment and<br>emergency procedures | • | Evacuate personnel to safe areas.<br>Use personal protective equipment.<br>Ensure adequate ventilation.<br>Do not breathe vapours or spray mist.<br>Refer to protective measures listed in sections 7 and 8.                             |
|---|---|--|
| Environmental precautions   | : | Try to prevent the material from entering drains or water<br>courses.<br>Prevent further leakage or spillage if safe to do so.<br>Local authorities should be advised if significant spillages<br>cannot be contained.                   |
| Methods and materials for containment and cleaning up                     | • | Contain spillage, and then collect with non-combustible<br>absorbent material, (e.g. sand, earth, diatomaceous earth,<br>vermiculite) and place in container for disposal according to<br>local / national regulations (see section 13). |

# SECTION 7. HANDLING AND STORAGE

| Advice on safe handling : | Do not use in areas without adequate ventilation.<br>Do not breathe vapours or spray mist.<br>In case of insufficient ventilation, wear suitable respiratory<br>equipment.<br>Avoid contact with skin and eyes.<br>For personal protection see section 8.<br>Smoking, eating and drinking should be prohibited in the<br>application area.<br>Wash hands and face before breaks and immediately after<br>handling the product.<br>Do not get in eyes or mouth or on skin.<br>Do not get on skin or clothing.<br>Do not ingest.<br>Do not repack.<br>Do not re-use empty containers.<br>These safety instructions also apply to empty packaging which |
|---------------------------|--|
|                           |  |

| Condi                  | tions for safe storage | : Store in original container.<br>Keep container closed when not in use.<br>Keep in a dry, cool and well-ventilated p<br>Containers which are opened must be o<br>kept upright to prevent leakage.<br>Store in accordance with the particular r<br>Keep in properly labelled containers. | arefully resealed and |

# SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

| Engineering measures       | :   | Handle only in a place equipped with local exhaust (or other appropriate exhaust).  |
|----------------------------|-----|---|
| Personal protective equipm | ent |   |
| Respiratory protection     | :   | Not required; except in case of aerosol formation.  |
| Filter type                | :   | Filter type A-P   |
| Hand protection            |     |   |
| Material                   | :   | Nitrile rubber  |
| Break through time         | ÷   | > 10 min  |
| Protective index           | :   | Class 1   |
| Remarks                    | :   | Wear protective gloves. The break through time depends<br>amongst other things on the material, the thickness and the<br>type of glove and therefore has to be measured for each<br>case. |
| Eye protection             | :   | Safety glasses with side-shields  |
| Skin and body protection   | :   | Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.  |
| Protective measures        | :   | The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.   |
| Hygiene measures           | :   | Wash face, hands and any exposed skin thoroughly after handling.  |

# SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance

: liquid

### SAFETY DATA SHEET - US

# **DSL-10**

| Version<br>2.0       | Revision Date:<br>10/07/2022 | Date of last issue: 10/19/2021<br>Date of first issue: 10/19/2021 | Print Date: 10/08/2022       |
|----------------------|------------------------------|---|------------------------------|
| Bioa                 | ccumulative potenti          | al  |                              |
| <u>Prod</u><br>Bioac | uct:<br>ccumulation          | : Remarks: This mixture contains                                  | s no substance considered to |

Bioaccumulation Remarks: This mixture contains no substance considered to be persistent, bioaccumulating and toxic (PBT). This mixture contains no substance considered to be very persistent and very bioaccumulating (vPvB).

# **Components:**

#### Dec-1-ene, dimers, hydrogenated: Partition coefficient: n-: log Pow: > 6.5 octanol/water

### Benzenamine, N-phenyl-, reaction products with 2,4,4-trimethylpentene:

| Partition coefficient: n- | : | log Pow: > 5 |
|---------------------------|---|--------------|
| octanol/water             |   |              |

#### Mobility in soil

#### Product:

| Mobility   | : | Remarks: No data available |
|--|---|----------------------------|
| Distribution among<br>environmental compartments | : | Remarks: No data available |

#### Other adverse effects

#### Product:

| Ozone-Depletion Potential | : | Regulation: 40 CFR Protection of Environment; Part 82<br>Protection of Stratospheric Ozone - CAA Section 602 Class I<br>Substances<br>Remarks: This product neither contains, nor was<br>manufactured with a Class I or Class II ODS as defined by the<br>U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A +<br>B). |
|---------------------------|---|---|
| Additional ecological     | : | No information on ecology is available.   |

# **Components:**

information

#### Dec-1-ene, dimers, hydrogenated:

| Results of PBT and vPvB | : | This substance is not considered to be persistent,        |
|-------------------------|---|---|
| assessment              |   | bioaccumulating and toxic (PBT). This substance is not    |
|                         |   | considered to be very persistent and very bioaccumulating |
|                         |   | (vPvB).   |

### SECTION 13. DISPOSAL CONSIDERATIONS

| Disposal methods       |  |
|------------------------|--|
| Waste from residues    | <ul> <li>The product should not be allowed to enter drains, water courses or the soil.</li> <li>Do not dispose of with domestic refuse.</li> <li>Dispose of as hazardous waste in compliance with local and national regulations.</li> </ul> |
| Contaminated packaging | <ul> <li>Packaging that is not properly emptied must be disposed of as<br/>the unused product.</li> <li>Dispose of waste product or used containers according to<br/>local regulations.</li> </ul>   |

# **SECTION 14. TRANSPORT INFORMATION**

#### International Regulations

**UNRTDG** Not regulated as a dangerous good

IATA-DGR Not regulated as a dangerous good

#### IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

# **National Regulations**

**49 CFR** Not regulated as a dangerous good

### Special precautions for user

Not applicable

### **SECTION 15. REGULATORY INFORMATION**

**SARA 302 Extremely Hazardous Substances Threshold Planning Quantity** This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards

: Acute toxicity (any route of exposure) Reproductive toxicity Aspiration hazard

# **DSL-10**

| Version | Revision Date: | Date of last issue: 10/19/2021  | Print Date: 10/08/2022 |
|---------|----------------|---------------------------------|------------------------|
| 2.0     | 10/07/2022     | Date of first issue: 10/19/2021 |                        |
|         |                |                                 |                        |

SARA 313 : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

#### Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B). This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

#### California Prop. 65

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

#### **TSCA** list

No substances are subject to a Significant New Use Rule.

No substances are subject to TSCA 12(b) export notification requirements.

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
