Version 1.0	Revision Date: 2021-10-19		e of last issue: - e of first issue: 2021-10-19	Print Date: 2021-10-19
SECTION	1. IDENTIFICATION			
Prod	uct name	:	GEO SH-140	
	e-No. r means of identification	:	340042 No data available	
Man	ufacturer or supplier's	deta	ails	
Com	pany name of supplier	:	Klüber Lubrication NA LP 9010 CR 2120 Tyler, Texas 75707 Phone: (903) 534-8021 Fax: (903) 581-4376	
			32 Industrial Drive Londonderry, NH 03053 Phone: (603) 647-4104 Fax: (603) 647-4106	
	ail address of person onsible for the SDS	:	mcm@us.kluber.com Material Compliance Management	
Eme ber	rgency telephone num-	:	+1-517-545-7070 NCEC	
Reco	ommended use of the o	chen	nical and restrictions on use	
	ommended use	:	Lubricating oil	
Rest	rictions on use	:	Restricted to professional users.	

SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the Hazardous Products Regulations					
Skin sensitisation	: Category 1				
GHS label elements Hazard pictograms					
Signal word	: Warning				
Hazard statements	: May cause an allergic skin reaction.				

rsion)	Revision Date: 2021-10-19	Date of last issue: - Date of first issue: 2021-10-19	Print Date: 2021-10-19
Preca	autionary statements	Prevention:	
		Contaminated work clothing shoul workplace. Wear protective gloves.	d not be allowed out of the
		Response:	
		IF ON SKIN: Wash with plenty of v If skin irritation or rash occurs: Ge Take off contaminated clothing an	t medical advice/ attention.
		Disposal:	
		Dispose of contents/ container to a plant.	an approved waste disposa
Othe	r hazards		
	known.		

Substance / Mixture	:	Mixture
Chemical nature	:	Synthetic hydrocarbon oil ester oil Mineral oil.

Components

Chemical name	CAS-No.	Concentration (% w/w)
Mineral Oil	Proprietary	Trade secret (>= 1 - < 5)
Mineral Oil	Proprietary	Trade secret (>= 1 - < 5)
Salts of alkyl hydroxybenzoic acids	220795-13-1	Trade secret (>= 0.1 - < 1)

See Section 15 for HMIRA information.

Actual concentration or concentration range is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

If inhaled	 Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. If breathing is irregular or stopped, administer artificial respiration.
In case of skin contact	Take off all contaminated clothing immediately. Wash off immediately with soap and plenty of water. Get medical attention immediately if irritation develops and persists.

Version 1.0	Revision Date: 2021-10-19	Date of last issue: - Date of first issue: 2021-10-19	Print Date: 2021-10-19
		Wash clothing before reuse. Thoroughly clean shoes before	e reuse.
In ca	se of eye contact	: Rinse immediately with plenty for at least 10 minutes. If eye irritation persists, consul	of water, also under the eyelids, t a specialist.
If swallowed		 Move the victim to fresh air. If unconscious, place in recover advice. Keep respiratory tract clear. Do NOT induce vomiting. Rinse mouth with water. Never give anything by mouth 	
	important symptoms effects, both acute and /ed	: May cause an allergic skin rea Allergic appearance	ction.
Note	s to physician	: The first aid procedure should with the doctor responsible for	

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media	:	Use water spray, alcohol-resistant foam, dry chemical or car- bon dioxide.
Unsuitable extinguishing media	:	High volume water jet
Hazardous combustion prod- ucts	:	Carbon oxides
Further information	:	Standard procedure for chemical fires.
Special protective equipment for firefighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposition products may be a hazard to health.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- : tive equipment and emer- gency procedures	:	Evacuate personnel to safe areas. Use personal protective equipment. Ensure adequate ventilation. Do not breathe vapours or spray mist. Refer to protective measures listed in sections 7 and 8.
Environmental precautions	:	Try to prevent the material from entering drains or water courses.

Version 1.0	Revision Date: 2021-10-19		e of last issue: - e of first issue: 2021-10-19	Print Date: 2021-10-19
			Prevent further leakage or spillage if s Local authorities should be advised if cannot be contained.	
Methods and materials for containment and cleaning up		:	Contain spillage, and then collect with non-combustible ab- sorbent material, (e.g. sand, earth, diatomaceous earth, ve miculite) and place in container for disposal according to lo / national regulations (see section 13).	

SECTION 7. HANDLING AND STORAGE

Advice on safe handling	 Do not breathe vapours or spray mist. Avoid contact with skin and eyes. For personal protection see section 8. Persons with a history of skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not repack. Do not repack. Do not reuse empty containers. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use.
Conditions for safe storage	 Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations. Keep in properly labelled containers.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis				
Mineral Oil	Proprietary	TWA (Mist)	5 mg/m3	CA AB OEL				
		STEL (Mist)	10 mg/m3	CA AB OEL				
		TWAEV	5 mg/m3	CA QC OEL				

Components with workplace control parameters

		late matter)		

Engineering measures	:	none
Personal protective equipme	ent	
Respiratory protection	:	In the case of vapour formation use a respirator with an approved filter.
Hand protection		
Remarks	:	Protective gloves The choice of an appropriate glove does not only depend on its material but also on other quality fea- tures and is different from one producer to the other. The break through time depends amongst other things on the material, the thickness and the type of glove and therefore has to be measured for each case.
Eye protection	:	Safety glasses with side-shields
Protective measures	:	The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. Choose body protection in relation to its type, to the concen- tration and amount of dangerous substances, and to the spe- cific work-place.
Hygiene measures	:	Wash face, hands and any exposed skin thoroughly after handling.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance : liquid

Colour : yellow

Version 1.0	Revision Date: 2021-10-19		e of last issue: - e of first issue: 2021-10-19	Print Date: 2021-10-19

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods		
Waste from residues	The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local national regulations.	
Contaminated packaging	Packaging that is not properly emptied must be disposed the unused product. Dispose of waste product or used containers according t local regulations.	

SECTION 14. TRANSPORT INFORMATION

International Regulations

UNRTDG Not regulated as a dangerous good

IATA-DGR Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

National Regulations

TDG

Not regulated as a dangerous good

SECTION 15. REGULATORY INFORMATION

NPRI Components : Zinc compound

Canadian lists

No substances are subject to a Significant New Activity Notification.

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
